03 / LOGO

LOGO AND MARKS

The primary mark is the S-Mark from SS.svg: an ink top hook and bottom hook plus a lime diagonal connector. That lime diagonal is the only color in the logo. Pair the dark wordmark on light, the light wordmark on dark.

- **Clear space.** Keep open space around the mark equal to the height of the S-mark on all sides.
- **Minimum sizes.** S-mark 24px. Wordmark 80px wide.
- **Color.** Keep the lime diagonal as the only color. Ink hooks on light, white hooks on dark.
- **Vector.** The S-Mark source is SS.svg. The maple-leaf crest is the secondary Canadian accent.

04 / PRINCIPLES

DESIGN PRINCIPLES

01

SHARP, NOT SOFT

02

WHITE CANVAS

Angular geometry, no rounded corners, aggressive crops. Softness signals uncertainty.

BORDER-RADIUS: 0

Let white space work. Color is accent, not background. The neon green earns attention by being rare.

BG: #FFFFFF

03

MOTION WITH PURPOSE

Every animation serves hierarchy. Nothing moves just to move.

EASE: EXP0.OUT

04

TYPE FIRST

Typography carries the brand. When in doubt, make the text bigger.
